Welcome > Link your application to your centre

If you registered as an individual but would now like to link your application to your school, college or organisation, please enter their buzzword below. We will then send your request to the centre.

Buzzwords are case sensitive and should be entered exactly as supplied. If you do not know the buzzword, your tutor or careers adviser will give this to you. Please do not contact us as we cannot give out buzzwords.

If your centre accepts your request, they can then attach a reference and send your application to us once all parts of the application are complete.

Once you have confirmed that you wish to link to the school, any previously entered and saved text in the reference section will be cleared.
