

UCAS Statement for Higher Education institutions

Lady Margaret School is a high-achieving all-girls Church of England Academy in Fulham, London. We are consistently in the top 25% of Sixth Forms nationally for the progress our students make from GCSE to A Level and we offer 20 subjects at post-16. We do not offer any vocational qualifications post-16. We have high expectations and aspirations for our students whether they stay with us or join us for their education after GCSEs.

Students in Year 13 typically follow three A Level subjects. Some students have taken opportunity to submit an Extended Project Qualification.
